Universal Briefing

Universal Briefing is a voluntary non-profit making non-governmental platform with principle focus on "Library & Information Services"; it tries to inculcate professional expertise among young professionals, develop tools and techniques to expedite the professional skills among budding generations and try to foster information handling skill among students.

About the Seminar

Public libraries are people's university. In India, public libraries have very rich history since the British period. They played vital role in nation building and development of our country. But in recent times, public libraries are facing severe crisis all over the country. Reasons are tremendous growth of Information and Communication Technologies (ICT), lack of expert manpower, scarcity of funds and above all the apathy of general people particularly of young generation towards public libraries. In this circumstance how public libraries will provide these services for the generation next in severe existential crisis.
