

7.2 Best Practices

1) Distribution of Garments among the Poor and Needy

The college has initiated a number of programs by which lofty human values are inculcated in the minds of our young students. The NCC and NSS units of our college organized different programs throughout the year.

The NSS unit initiated a program of the distribution of used garments among the poor people and the destitute residing in the adjacent areas of the college. The first such distribution program was held on 26th & 27th September 2019 and the second distribution camp was organized on 24th December in which used winter garments were distributed among the needy locals. The total numbers of beneficiaries stood at 111. Our students, along with faculty members & non-teaching staff, participated in that program motivated by the spirit of upholding lofty human values.

2) Promotion of Human Values through Community Service

A number of health awareness campaigns in our college campus and in the neighbouring areas were held to prevent Dengue & other vector borne diseases. Moreover, on 11th March 2020, a special awareness program was conducted through illustrative posters and leaflets among the students as well as common people about the threatening Covid-19 pandemic.

Furthermore, Howrah City Police & Municipal Corporation jointly initiated a Safe Camp for the destitute and had chosen our college building for the said purpose. Our college authority stretched warm hand to them, the NCC cadets & NSS unit members of our college & Associate NCC Officer, who is one of the faculties of our institution, were regularly present to provide food, water and other necessary help to these distressed persons. When majority of the people were reeling under the threat of this unknown virus, our boys & girls had shown not only courage but also the worth of human values.
